

Thanks for being my friend....

Description

Hello there, hope you all enjoying your weekend. I have a card to share with you all. I am going to enter this card for few challenges.

I used Distressed Ink (tumbled glass) with a technique I learnt on YouTube by Gina K. you can find that [here](#). With kind of shadow effect, I really liked it, although tweaked by masking only a corner of the card to make the umbrella stand out. [Sweet Dreams](#)

[20121229_140120](#)

The umbrella was designed using circle cutter and then, with scallop-edge scissors cut out a semi-circle with serrated side. I have made one card few days back using the same technique you can find that [here](#). I have done some doodling on my umbrella and colored it with Prisma colored pencils. For the sentiment I used Hero Art stamp (CL351) and colored the banner also with the same Distressed Ink (tumbled glass). I really enjoyed making this card.

Thank you for stopping by. Have a happy weekend.
