

A Card Using Pamper Yourself – Joy Clair

Description P

doing gov. Www.ifeelglee.com Hello friends, Kanan here. Hope you all are doing good. I made a card using A Ray of Sunshine collection by Joy Clair Designs.

Here's my card.

printed the beautiful camera image from Pamper Yourself digital stamp. I water coloured it using Zig Markers.

On a white card base I splattered water colour and adhered the image using some dimensions. Added some matching gem stones and lastly, added the sentiment which is from the same set. Love the floral camera image with all the happy colours and beautiful sentiment which goes so perfect with it.

This collection is full of beautiful images and sentiments, if you have not tired it already then you should, I am sure you will enjoy it.

Happy crafting, ðŸ™,
