
Happy New Year!!

Description

Hello friends...hope you all doing fine. I have card to share that I have made for few challenges.

I made this card using spellbinder die and a fun image by Recollections stamp and sentiment is from Hero Arts.

Image not found type unknown

I just love the smiling flowers. I colored them with my Prisma colored pencils and try to choose the colors which were on patterned paper. This patterned paper is very old and its from Paper Studio, I like all the glitters on this paper and the best part is it goes with any color of card base. I also used some burlap ribbons and some jute twines for this.

Thank you for dropping by to check out my card.
