Here's my card

---

wanted to create a winter scene with a effect of Northern Lights for my card and for that I used watercolors. I used several Distress inks to create the background and created a ombré look in the shades of blues and green. On the top layer of my background I used dark shade of green memento ink just to highlight he whole background. I used the adorable deer image from Avery Elle's Story Book set and colored it using Prisma color pencils. Created few snow hills and used glitters on the snow flakes which I created with the help of white gel pen. I love this dreamy card. Hope you will like this card.

Thank you so much for visiting and see you all soon. ?
