

Make a Wish!!

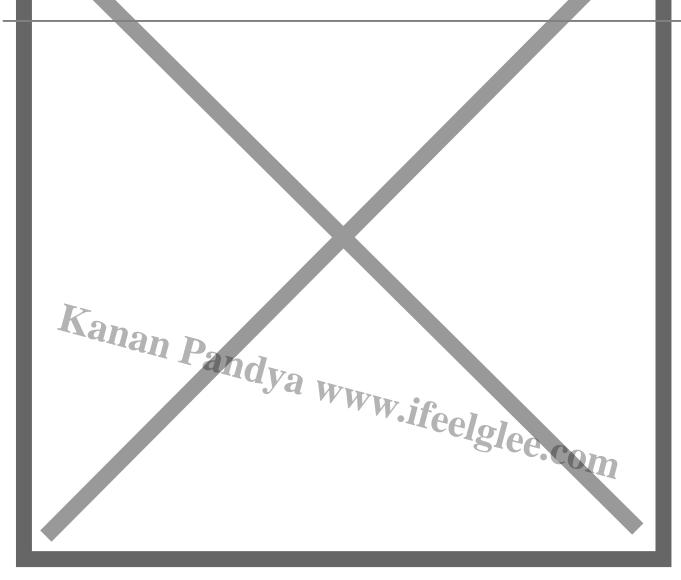

DescriptionHello everyone!! I am here with a sweet birthday card. day card.

WWW.ifeelglee.com

Here;s my card.

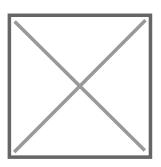

I used

Waffle Flower's "Wish†stamp for this card. The adorable images I colored using Polychromos pencils. For the background I took a watercolor paper and masked it and colored it using "Zig Markersâ€. I really love how it turned out. Adhered the images on the colorful strip background, which I adhered on a white card base and this sweet birthday card was call ready. I just love those sweet girl and boy, aren't they adorable?

Thank you so much for visiting by, see you all soon.
