

Modern Duets & Spring Rose Card

Description Description

to share www.ifeelglee.com Hello friends, Kanan here. Today I am going to share a card which I again made using "Rays Of Sunshine†collect by Joy Clair Designs.

Here's my card.

"Modern Duet Bundle― and "Spring Rose― sets for this card. I love this artsy leaf image and decided to watercolour it using watercolours. On a white card base I adhered a patterned paper strip which was having this beautiful mix of pastel shades. On a separate white panel I added some splatters using watercolours to match the image and the strip, added the sentiment and image an adhered the whole panel to the card base.
