

Spring Rose Card – Joy Clair Designs

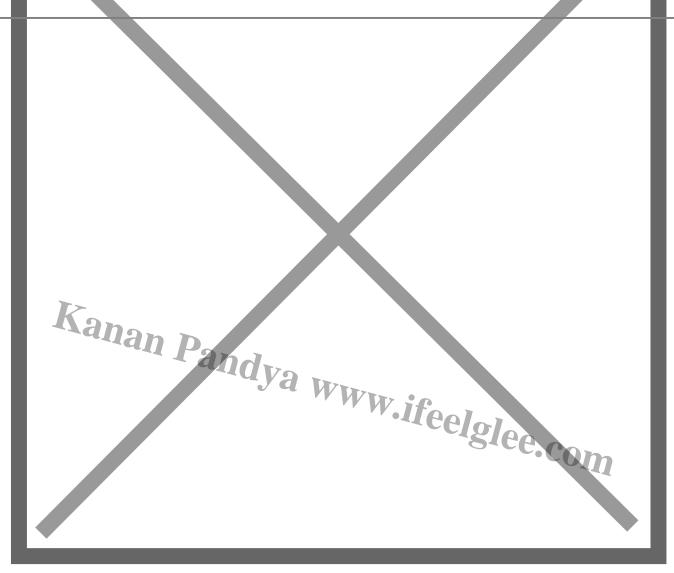

Description F

ard which. WWW.ifeelglee.com Today I am going to share an artsy looking card which I made using "Ray Of Sunshine― collection by **Joy Clair Designs**.

Here' my card.

For this

card I used one of my most favourite **Spring Rose** digital stamps set which I printed on a card stock. I coloured it using Polychromos pencils. I die cut a navy blue panel and splattered some white acrylic paint on it. Adhered the rose on it. After that I adhered the panel on a white card base. I wanted to balance the white and the blue colours, so I die cut the sentiment by SSS and coloured it using watercolour and gave it a ombre effect. Adhered the sentiment on that blue panel. Lastly, added some matching sequins. I really love the artsy look of my card and that big beautiful flower.

This collection has tons of possibilities for your projects. Do visit the <u>Joy Clair Design Store</u> for more inspiration.

Thank you so much for visiting.
