

Thanks For Giving Me The Lift!!

Description

Hey friends!! I am here with a cute movie inspired card.

When

you see cute house with lots of balloons you know which movie it is right? I got inspiration from "Up†movie for this card. "Adventure Is Out There"!! Love this movie so much. I coloured the images from two different MFT stamps using Polychromos pencils and inked the panel using Distress Ink. Love how it turned out.

Thank you so much for visiting. See you soon. ðŸ™,
