in... h City,  
Beijing, China" Beautiful picture, isn't it? I love the vibrant colors and designs.

be quiet Also entering for the current Curtain Call Challenge.

I came up with this card.

---

coloring as specially with my Prisma Colored Pencils ? For my card I choose one of my favorite Altenew Stamp Set "Persian Motifs". I stamped one of the flower image on my card base and colored it with Prisma pencils. Just like the inspiration picture I wanted to add gold color but I wanted something very elegant to match up with my design, so I colored one card base with Martha Stewart's Gold acrylic paint. After the paint was dried I punched few tiny flowers out of it and adhere it on my card base. Added the sentiment and adhere the front panel on the main card base. I Love how elegant it looks, as specially the gold color does not look too bright. Hope you will like my card.

Thank you all for stopping by and see you all very soon. ?
