

Have A Great Day... :-)

Description

Hello All...I am back..:-)

My today's card's inspirations is came from Pintrest, which you can find it [here](#). I could not find the actual artist of this illustration but I would love to say a big big thanks to him/her for doing such a wonderful work and I just totally inspired by it.

This is the "AWESOME" art.

Image not found of type unknown

And I came up with this

Image not found or type unknown

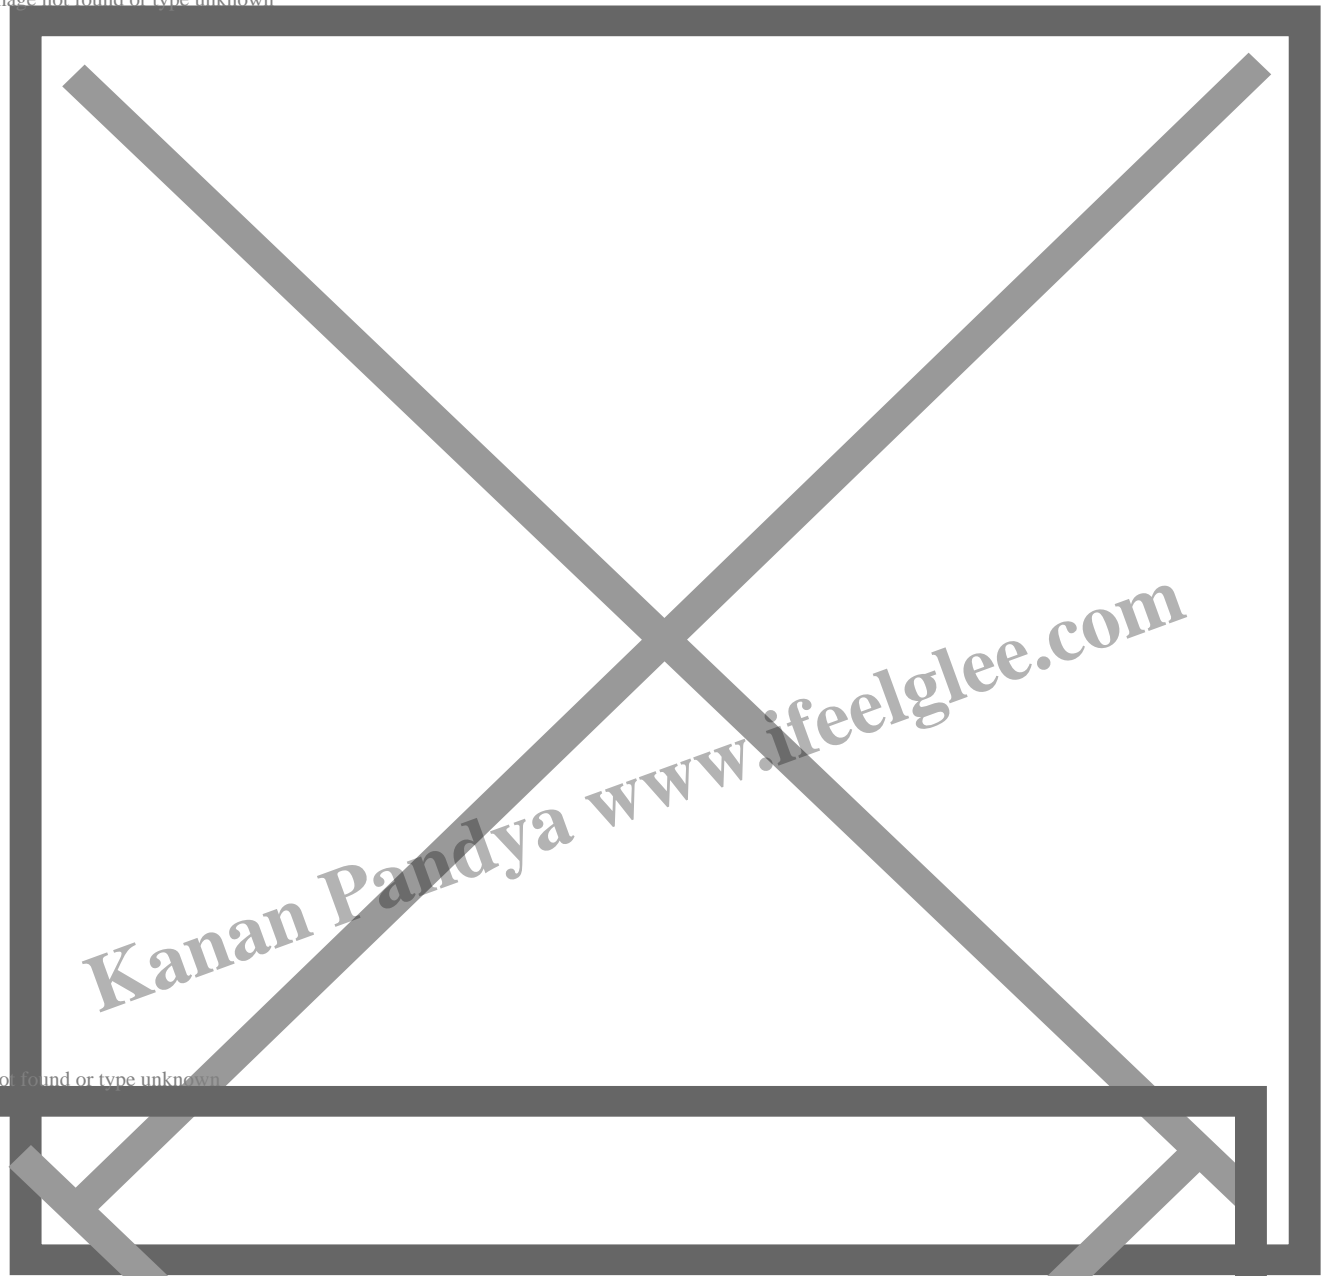

Image not found or type unknown

not exactly do what the artist has done but I just inspired by it and I love the dreamy kind of picture, so I mostly went with the color combinations and few elements of it. ?

I first create the background by using my Memento ink (London Fog) and create the clouds with masking technique using the same ink, I used my Memory Box (Tree of birds) stamp, I colored the leaves and birds with Prisma colored pencils, I like the red birds against this dark background, I also used Stampendous Clear Stamps "HEY THERE CUPCAKE" for the clouds, The sentiment is from Hero Arts (CL351) and the little bird (CL439) too, I applied stickles on birds, I am having this red and black washi tapes with polka dots on it, so I used that on my main card base to balance the other colors.

Thank you so much for visiting and see you soon.
