

A kiss from sun to you. :-)

Description

Hello all, happy Monday!!! Today I am going to share a very happy and sunny card, yes I made this card on Saturday for 90 minute Scramble arrange by talented Marcy on Hero Arts Flickr group. The challenge was to create the project by using one or more of these elements:

The word SUNSHINE

An image (die, cut file or stamp) of the SUN

An ALL YELLOW monochromatic project that conveys the feeling of a SUNNY day.

You can find more about this wonderful challenge and all the beautiful creations by group member [here](#)

I came up with this card.

[20130504_170451](#) I used Hero Arts (CL439) stamp set. Heat embossed the images and used marker, water colors & water colored pencils and few Memento ink to create the background and to color the birds and sun.

Thank you for visiting, see you soon. ðŸ™,
