

Happy Birthday!!

Description

Hello friends!! I am back with a new card.

I am entering my card in the current The Flower Challenge – Anything Goes.

Here's my card

one of my most favorite stamp set by Altenew "Watercolor Wonders" for this card. To achieve more natural look, I inked the images with Distress inks and sprayed it very lightly with water and stamped it on a card base. I did not use watercolor paper for this technique so I press it for few seconds so the inks get soaked in the paper properly. Also, I did not wanted the look of wet on wet effect which you get if you use watercolor paper but on normal card stock it looks more of a dry brush painting kind of look. I love this color combinations a lot. The sentiment is from "Persian Motifs" Set. Added some matching sequins and splatters. Love the clean and simple yet brightly colored flowers on the card. Hope you like my card too.

Thank you for stopping by and see you soon. ?
