### Description

Hello friends, I am back with a new post.

Only

few days are left to enter in the current challenge “Trendy Power Star Challenge” at Moxie Fab World. This time I made a tag with some experiment.

Well I always like modeling paste or embossing paste’s effects on any project, it gives so much texture and dimension. So for the first time I made my own modeling paste for this project. It was quite a lengthy process and requires lots of patience but the end result was quite good. I don’t wanted it to be white so I added blue acrylic paint to it. One good thing about it is you can add any color to it. I used stainless steel for this tag.

You can see the texture of it in the below picture.

---

is my tag after inking.

the paste was dry I inked the tag with Memento and Distress inks, after that I applied the glitter glue by Martha Stewart on each star. The sentiment is by Penny Black, I guess it goes well with the star background what do you say? Hope you will like this tag.

Thank you so much for stopping by and see you all soon. ?
