

## My Favorite!!!

### Description

Image not found or type unknown

Hosted by Barb and she has given us Awesome theme. We all have to make one layer card. So I came up with this card and I made little mistake by adding gems on my card, by the time I realize it I have already posted the picture but after that I remove that picture and remove the gems and reloaded the picture. So here is the one with gems.

And

here is the one without the gems.

I like

both the version, what about you? I masked the card base with the negative of scalloped circle die cut and inked it with Distress inks, sprinkle some water and stamped the flower image from Hero Arts "My Notebook" set from Stamp Your Story Collection. Also stamped the sentiment from "My Favorite" set using same inks. Also added some glitters. I love how it turned out, I don't usually make one layer card and I really enjoyed this fun challenge by Barb, hope you will like this card too.

Thank you for stopping by and see you all very soon. ðŸ™,
