For

this card I used one of my most favourite [Spring Rose](#) digital stamps set which I printed on a card stock. I coloured it using Polychromos pencils. I die cut a navy blue panel and splattered some white acrylic paint on it. Adhered the rose on it. After that I adhered the panel on a white card base. I wanted to balance the white and the blue colours, so I die cut the sentiment by SSS and coloured it using watercolour and gave it a ombre effect. Adhered the sentiment on that blue panel. Lastly, added some matching sequins. I really love the artsy look of my card and that big beautiful flower.

This collection has tons of possibilities for your projects. Do visit the [Joy Clair Design Store](#) for more inspiration.

Thank you so much for visiting.
