

Welcome!!

Description

Techniques you'll learn

Embossing, Dye cutting, Stamping

Materials needed:

- White cardstock
- Hero Arts "A Warm Welcome" stamp set (or any other stamp set with nature-inspired images)
- Hero Arts inks (or any other inks of your choice)
- Ink blending tool
- Adhesive tape

Step-by-step Instructions

Step 1: Cut the white cardstock into the desired size for your card. Fold the cardstock in half to create a card base.

Step 2: Choose the images you want to use from the "A Warm Welcome" stamp set or any other nature-inspired stamp set, and stamp them onto the cardstock using a waterproof black ink. Allow the ink to dry.

Step 3: Use Hero Arts inks or any other inks of your choice and an ink blending tool to create a background that represents "The Great Outdoors". Start with light colors and blend in darker colors for depth and dimension. You can use a mix of greens, blues, and browns to create a forest or mountain scene, or use pinks and purples to create a beautiful floral scene.

Step 4: Cut out the stamped images, leaving a small border around the edges.

Step 5: Use adhesive tape to attach the stamped images to the center of the card base.

Step 6: Add any additional embellishments you desire, such as sequins or ribbon.

Step 7: Write your personalized message on the inside of the card, and you're done!
